

January 2025

Dear Valued Customer:

Fresenius Medical Care is committed to attaining the best possible balance of cost, quality and availability for the materials we purchase. The economic environment this past year, although improved, has continued to present challenges with persistent inflation and its associated increased material and labor costs.

Effective as of January 1, 2025, list pricing for Normal spare parts has been increased by three percent (3%). Disposable and Exchange spare parts pricing remain unchanged. A small number of parts have had increases above three percent due to additional costs we have incurred.

The revised Spare Parts Price List is available as of January 2, 2025 on the Product Support Documentation page located at [www.fmcna.com/support](http://www.fmcna.com/support).

Fresenius Medical Care values your business and is committed to meeting your needs for quality service, equipment, and products. Should you have any questions, please call our Spare Parts Customer Service Department at 1-800-227-2572.

Sincerely,

A handwritten signature in blue ink, appearing to read "Robert Gregory".

Robert Gregory
