Warranties

Fresenius Renal Therapies warrants that the PRODUCT(S) manufactured by Fresenius Renal Therapies, when used in accordance with the directions on the labeling, is fit for the purposes and indications described on the labeling. The applicable manufacturer under the manufacturer's warranty will cover PRODUCTS not manufactured by Fresenius Renal Therapies, and Fresenius Renal Therapies provides no warranty for PRODUCTS not manufactured by Fresenius Renal Therapies.

The Warranty does not apply to any PRODUCT that is misused, abused, neglected, tampered with, or damaged by accident, flood, fire, or other hazard. If the PRODUCT(S) is not used in accordance with manufacturer's instructions, the product warranties are void and of no effect. There are no other express or implied warranties, including any warranty of merchantability or fitness for a particular purpose. Fresenius Renal Therapies shall not be liable for proximate, incidental, or special damages.

All warranties in this Policy shall be construed to comply with the Warranty Safe Harbor found at 42 C.F.R. 1001.952(g).

The warranty in this section shall be in lieu of any other warranty expressed, implied, or statutory, respecting products, and Fresenius Renal Therapies makes no implied warranty of merchantability or fitness for a particular purpose. The purchaser's sole and exclusive remedy in contract, tort, or under any other theory against Fresenius Renal Therapies with respect to Fresenius Renal Therapies products and their use, shall be the replacement or repair of the products and no other remedy (including, without limitation, consequential damages) shall be available to purchaser. Fresenius Renal Therapies shall have no further obligation or liability with respect to the products and parts, or their sale, operation and use, and Fresenius Renal Therapies neither assumes, nor authorizes the assumption of any obligation or liability in connection with such products and parts.

Equipment

Fresenius Renal Therapies warrants to PURCHASER that EQUIPMENT delivered is free from defects in material or workmanship for the periods specified in the appropriate Operator's Manual (which outlines the complete warranty), provided the EQUIPMENT is used and maintained in accordance with the manufacturer's operating instructions. Parts installed, which have been purchased from vendors other than Fresenius Renal Therapies, shall void all applicable warranties.

The Warranty does not apply to any equipment that is misused, abused, neglected, tampered with, damaged by accident, flood, water, fire or other hazard, subjected to abnormal or unusual electrical or fluid stress, improperly installed or operated, or not maintained in accordance with the routine maintenance schedule set forth in the Operator's and Technician's manual for the equipment. Periodic preventative maintenance required to maintain proper machine operation is not covered under the Warranty. The warranty does not provide replacement dialyzers or any other compensation during the period that PURCHASER'S equipment is inoperative.

Fresenius Renal Therapies shall repair or replace, at its option, using new or reconditioned parts and/or subassemblies, any parts subject to this warranty that are proven defective in materials or workmanship. Such repair or replacement shall be made without cost to PURCHASER and Fresenius Renal Therapies reserves the right to determine the location at which the repair or replacement will be accomplished.

Order/Delivery Policy

All orders shall be subject to the terms and conditions of this policy and shall not be subject to the terms, conditions, or provisions of any instrument including purchase orders or order confirmation, except for the quantities specified in such instrument.

Fresenius Renal Therapies shall use commercially reasonable efforts to fill orders, but Fresenius Renal Therapies shall not be liable for non-performance or delays caused by a supply shortage of raw materials, manufacturing problems, delivery, or labor problems, acts of regulatory agencies, discontinuation of a product line, acts of God, or causes beyond its control. PURCHASER agrees that in such events, Fresenius Renal Therapies may allocate PRODUCTS among all PURCHASERS without liability.

Freight and Distribution

Published prices for DISPOSABLES include freight and distribution charges as long as the order is placed five (5) business days prior to the scheduled delivery date. Published prices for EQUIPMENT do not include freight and distribution charges. These charges shall be arranged and billed separately. PURCHASER is responsible for all freight and distribution charges for all PRODUCTS when expedited order processing and delivery is required, unless specifically provided in this policy.

All EQUIPMENT shall be sold FOB Origin. All other PRODUCT(S) sold hereunder shall be sold FOB Destination as long as the PRODUCT(S) are delivered in accordance with this policy.

Due to fluctuations in fuel and transportation related costs, Fresenius Renal Therapies reserves the right to implement a temporary transportation surcharge on product deliveries, installations, or related services at its sole discretion without notice. Any such surcharge may be applied when fuel costs or transportation expenses materially increase beyond normal operating conditions. Transportation surcharges, if applicable, will be determined based on current market conditions and may vary by delivery location, order size, service type, or other logistical factors. FUSA may implement, modify, suspend, or remove the surcharge at any time without prior notice as costs stabilize or market conditions change.

If the Fresenius Medical Care ordering and prescription management tool is available to a purchaser and is not used for initial order or usage/prescription changes, a processing fee of fifty dollars (\$50) per order will be assessed.
