Kinexus® Portal

Prescriber Quick Start Guide

Benefits of Using Kinexus

Kinexus is a cloud-based connected health service portal that:

- Supports timely intervention by providers
- Has a user friendly layout
- Provides customized access
- Gives physicians access to more timely prescription changes
- Serves as a supply management system
- Manages PD therapy for patients
- For more information, see the Kinexus Portal User's Guide.

This guide provides insight into the portal layout, instructions related to key functions, and an overall introduction to using the Kinexus Portal.

Note: All patient names and data displayed in this guide are fictitious.

Contents

Personalizing notifications for Prescription (Rx) Approval 4

Esign to Approve Rx Orders 5

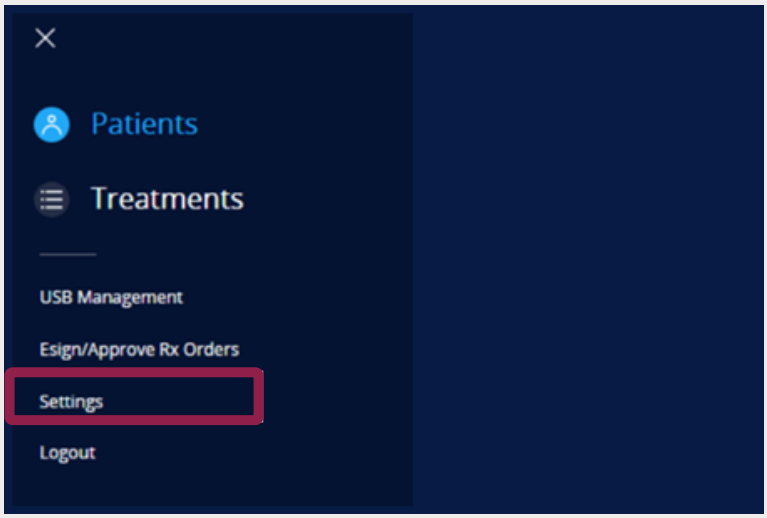
Managing Your Prescription Orders 7

- Edit Quantity 7
- Add Notes 7
- Delete Products 8

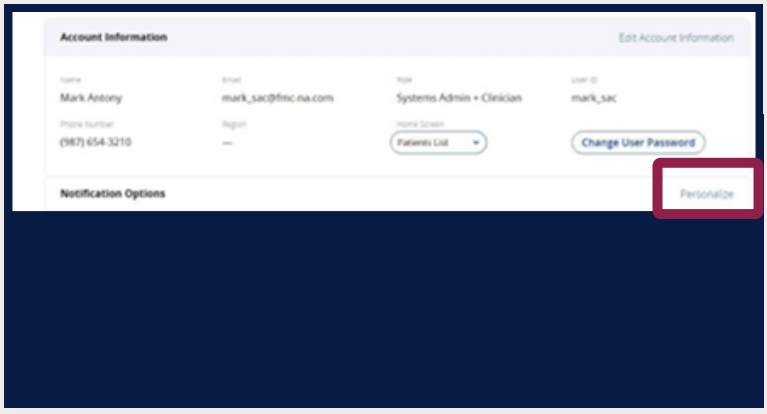
Personalizing Notifications for Rx Approval

The Personalize Notification Options screen provides customization of notification settings to track events and manage notifications from external systems connected with the application.

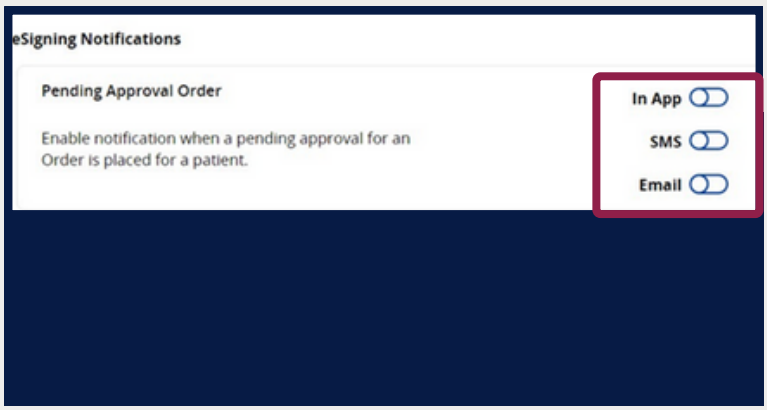
1. Go to **Settings**.



2. Click **Personalize**.



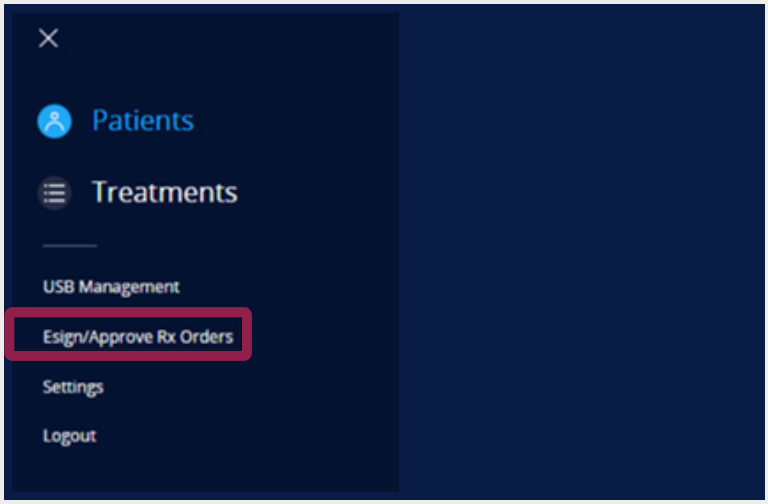
3. Select **In App**, **SMS** or **Email**



Esign to Approve Rx Orders

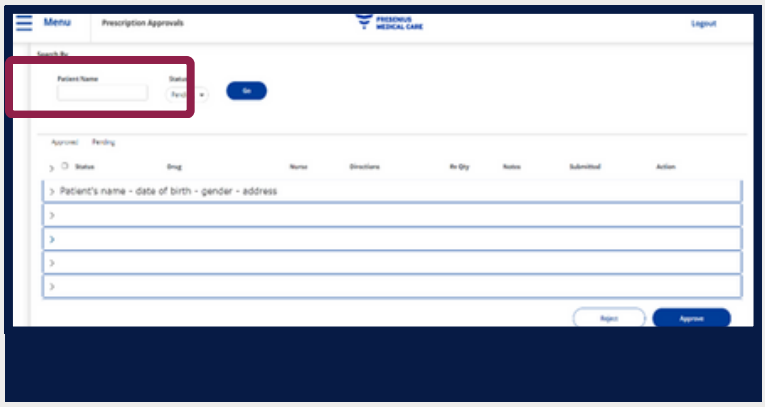
This feature is available only to **Prescriber** user roles.

1. Click the **Esign/Approve Rx Orders** to view Prescription Approvals screen.



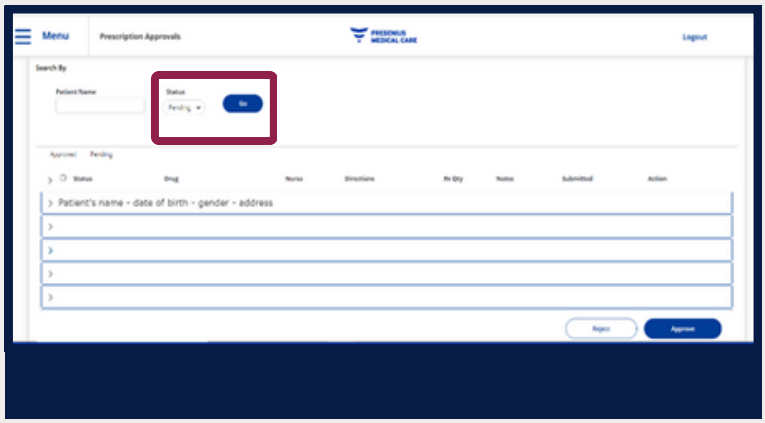
2. Search for **Patient Name** or select from the list.

   You can search by first or last name.

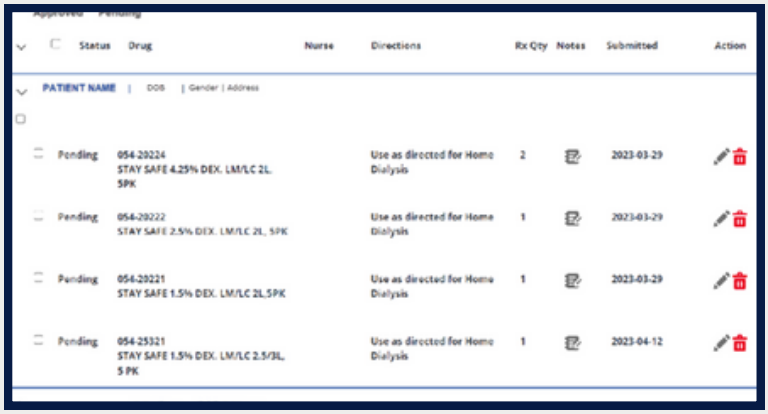


3. **Click** arrow ▼ to select **Status** from drop-down menu, then press **Go**.

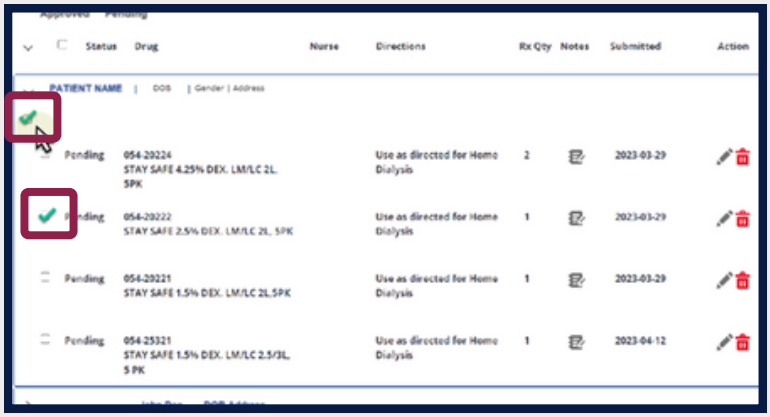
   "Pending" status is the default.



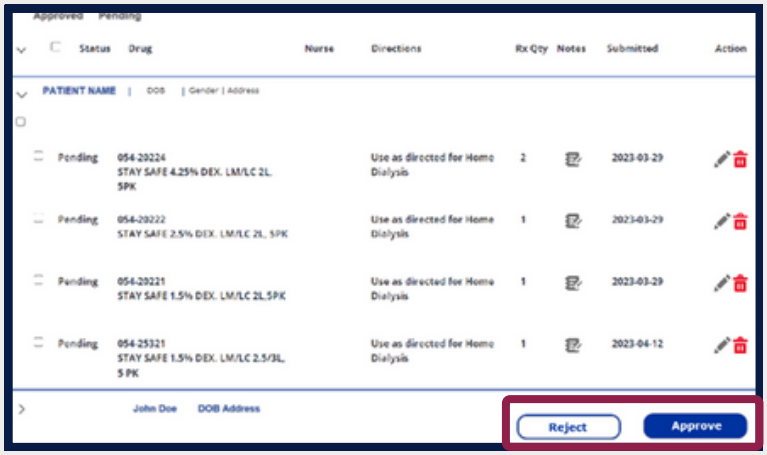
4. View all pending patient prescriptions in the **Order List**.



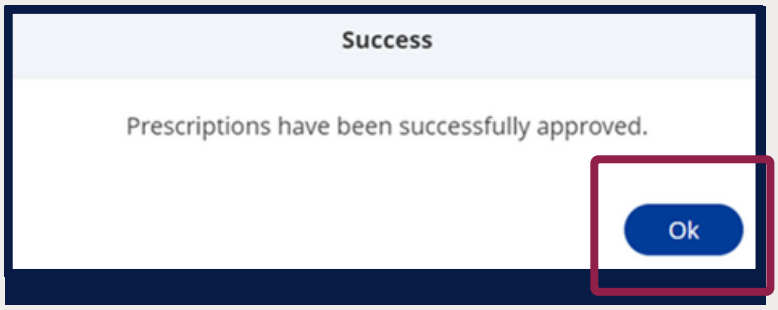
5. **Click** each prescription individually or click the box at the top to **Select All**.



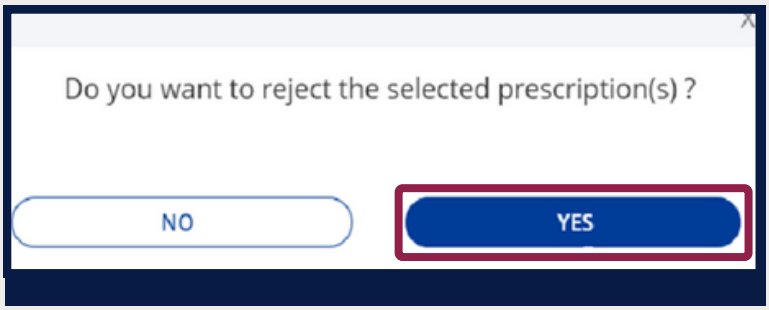
6. Next, click either **Reject** or **Approve**.



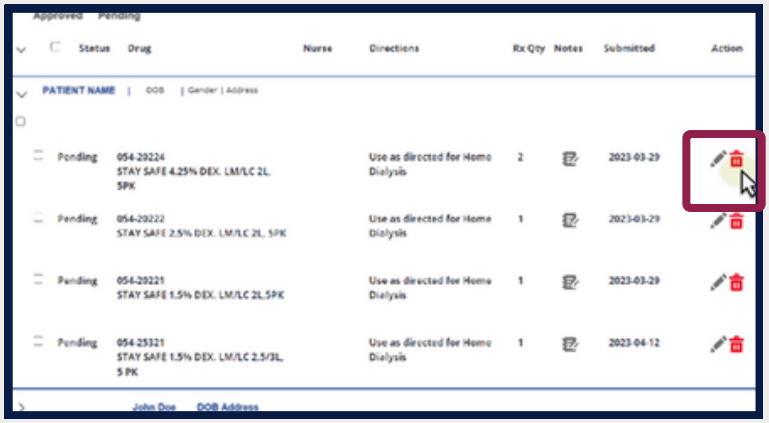
7. Once **approved**, you will receive this message box. Click **Ok**.



8. If **rejected**, you will be prompted to click **Yes** to confirm your choice.



! <u>Important Note</u>: Clicking on the delete icon 🗑 will also reject the prescription.

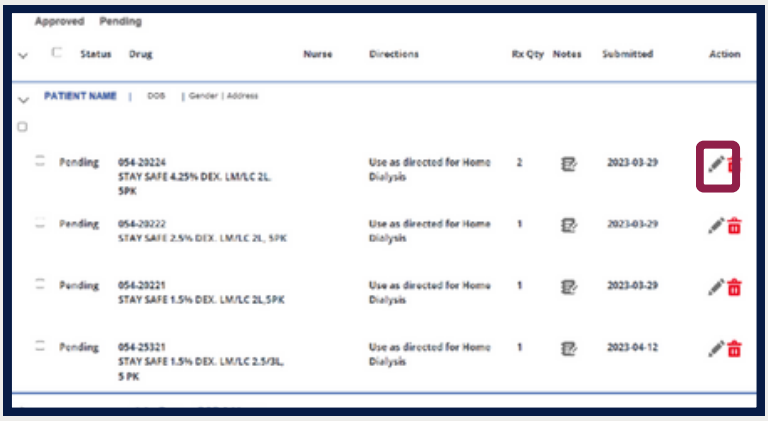


Managing Your Prescription Orders

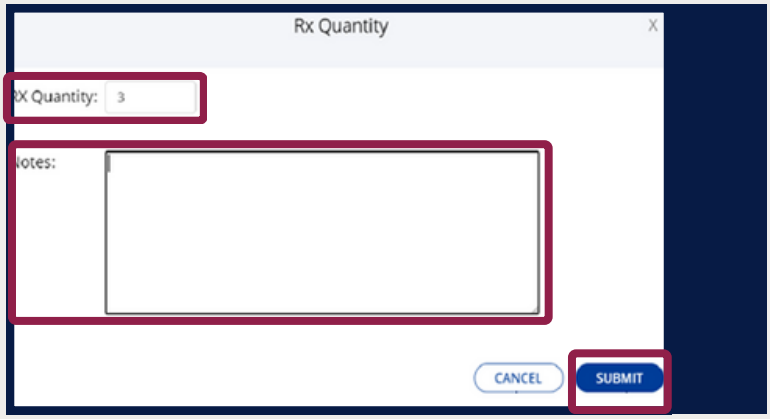
In addition to approving & rejecting prescriptions, you can also **Edit Quantity**, **Add Notes** or **Delete Products** from the Prescription Approval Screen.

To Edit Quantity

1. Select the **pencil** icon for the prescription you want to edit.

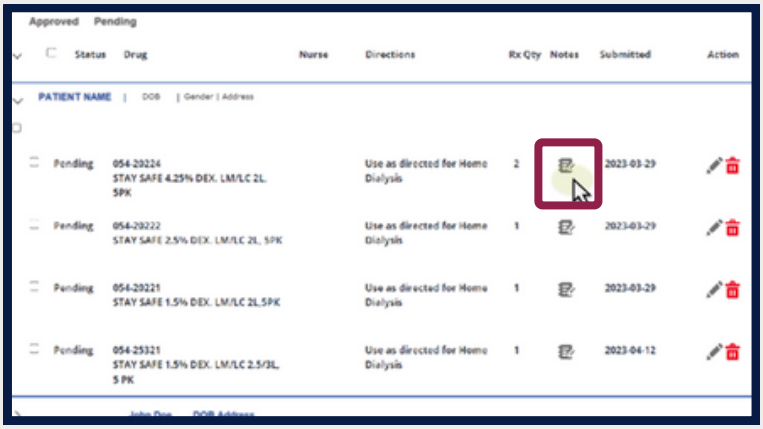


2. **Change** quantity in the box. Add notes, if desired. Then, click **Submit**.

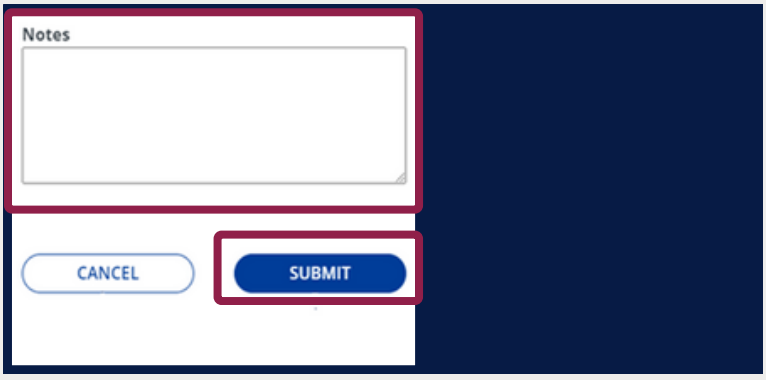


To Add Notes

1. Select the **notes** icon.

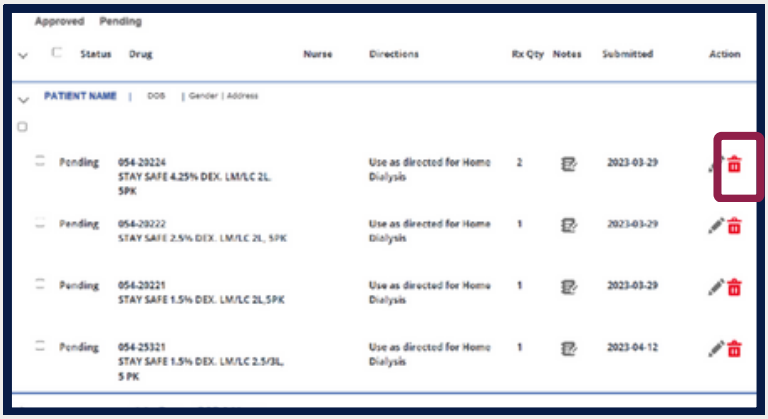


2. Add your notes. Then, click **Submit**.



To Delete Products

1. Select the **delete** icon for the product you wish to delete.



2. Click **Yes** to accept the deletion.

Kinexus Therapy Management Portal

Use: The Kinexus Portal is intended to allow clinicians to review patient data collected from the patient's home dialysis device(s) and to enable physicians to manage patients' home dialysis therapies for certain Fresenius Medical Care products, including peritoneal dialysis cycler(s). The Kinexus Portal does not provide medical diagnoses or recommendations regarding medical treatment. The Kinexus Portal and the content appearing on this site are not substitutes for professional medical advice, diagnosis, or treatment. Please read the Instructions for Use for complete instructions.

Kinexus Gateway

Use: The Kinexus Gateway is intended for transmission of home dialysis therapy data and patient data for patients using certain Fresenius Medical Care products, including peritoneal dialysis cycler(s).

Kinexus is not an electronic health record (EHR) or billing solution.
