FRESENIUS MEDICAL CARE

steps2 home™ PD

1. Locate the unit objectives, then fill in the blanks below

At the completion of this unit, the learner will explain what to expect from training.

2. Locate the supply list for the lesson. Write down what the patient should bring with them, if needed.

Computer, tablet, or phone

3. Locate the reference to 'Introduce the training platform and explain how to use it.' What will they help patients find in this part of the training unit?

Use key words or terms to search for related content

4. Locate the Preparing for Peritoneal Dialysis Training link in the Resources section. Based on this resource, what should the patients bring to training?

a) Medications, their bottles, and glucometer with supplies (if applicable)
b) Comfortable, loose clothes and a blanket

5. Scroll down to the end of the lesson. Mark the lesson complete. After you do so, what two navigation options are available?

a) Back to training plan
b) Next module

6. Select your patient, then click on the MANAGE tab. Check the items you can monitor about your patient's progress though their assigned lessons.

☒ The percentage of lessons completed

☒ The specific lessons completed

There is one other item you can monitor – see if you can spot it and write it below

Turn modules on or off

7. **Within the MANAGE tab, make the training units 'Kidney Function and How Peritoneal Dialysis Works' and 'Intraperitoneal Medication Administration and Sample Collection' inaccessible to your patient. Explain how you did that.**
Toggle the module switch off
8. In the HELP tab, what is the answer to the question: Is the app available in other languages?
Content is currently only available in English.
9. Where in the platform can you submit a question if you are not able to find it in the Frequently Asked Questions section?
At the bottom of the HELP page
10. List anything else you noticed in the platform that you want to ask questions about or comment on:
Click or tap here to enter text.

Find and Explore – Patient View

1. What "types" of training formats do you see in the platform? Find at least five types

a) eLearning
b) Video
c) Handouts (PDFs)
d) Checklists
e) Tables
f) Websites
g) Steps

2. Go to the Fluid Management unit. What image is found in the 'Checking for signs of fluid buildup' section?

Edema grading scale

3. How many training units are in lesson 5?

☐ Four ☐ Five ☒ Six

4. Go to training unit 'Fundamentals of a PD exchange'. Locate the Basics of an exchange section. How many steps are listed?

Four (4)

5. Find the 'Exit Site Care' training unit. What is the title of the resource available in the Resources section?

Peritoneal Dialysis (PD) Catheter & Exit Site Care.

6. What happens if you use the "back" arrow on your browser versus clicking on the 'Home' icon at the bottom of the screen?

The 'back arrow' takes the learner back to the training plan. The 'Home' icon takes the learner back to the patient dashboard.
